

Practical Marking Criteria

Mike Brady

February 4, 2014

- Mark out of 10.
- Up to 12 (!) for very exceptional work, of a *much higher standard* than could reasonably be expected, with evidence of knowledge and insight well beyond the course lectures.
- 10 for a fully implemented practical with all components of the exercise answered elegantly and correctly.
- 7–10 for very good to excellent work, showing a very high level of understanding and engagement.
- 6 for good work, but with something missing or not quite done correctly.
- 5 for okay work, showing some good work.
- 4 for barely competent work.
- 0–3 for very poor to inadequate work.
